Key Indicators of Crime: A Framework

Developed in consultation with the Crime Indicators Working Group

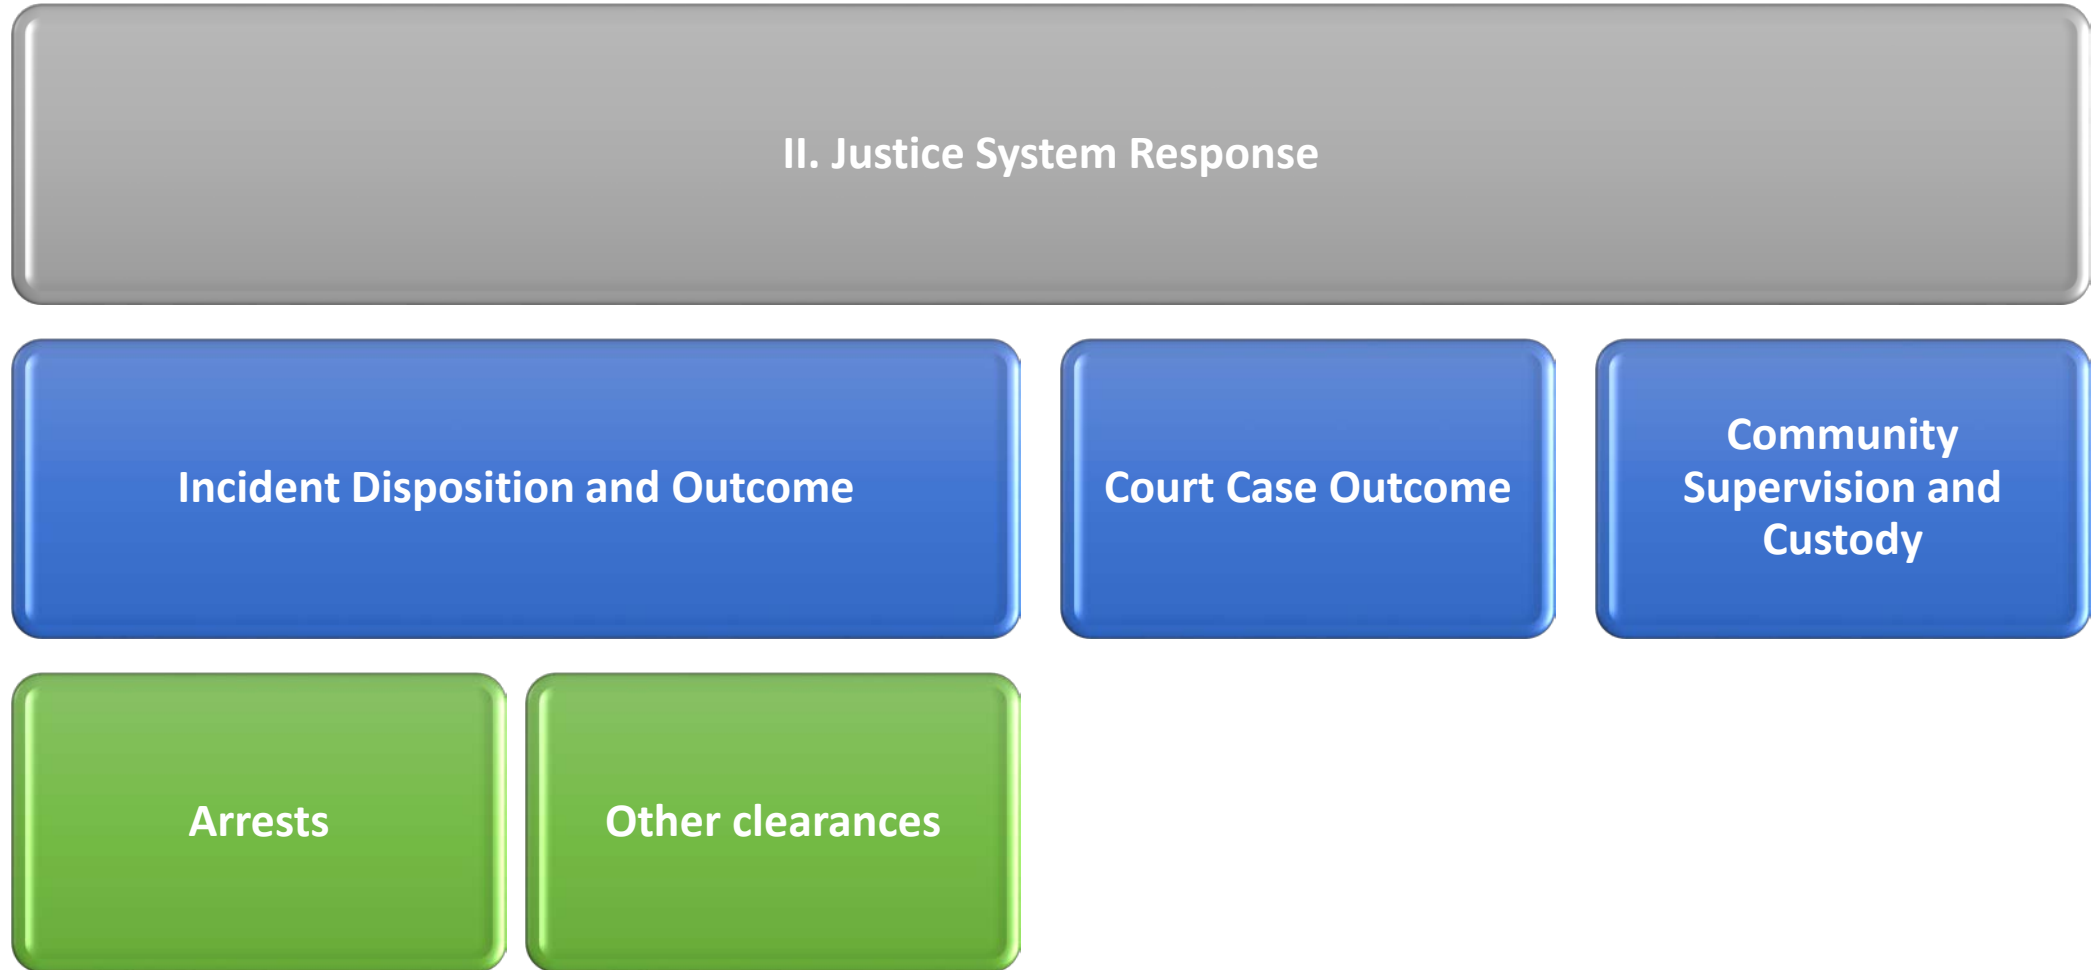

Two high-level groupings covering indicators of:

- a) victimization
- b) offending
- c) the temporal and spatial patterning of crime
- d) harm to victims and society
- e) response to crime across the justice system, to include law enforcement, prosecution, courts, and corrections.

Key Indicators of Crime: A Framework

Next Steps for Meaningful Comparative Analytics

- Showcasing the indicators in a meaningful way
 - Standardized reports
 - Key Indicators of Public Safety and Wellness
 - Examining trends over time
 - Highlighting in topical reports
 - Making comparisons across jurisdictions
- Determining alternate sources of data for some indicators
