**Cost Factor (Total points depending upon range of proposed costs).**

A Cost Factor (additional points) will be calculated on the basis of “best value,” where cost (hourly rate) and experience will be evaluated jointly. Best value will be determined as follows:

- The **highest** hourly rate* will be awarded zero Cost Factor points.
- The **lowest** hourly rate will be awarded the maximum allowable points where the maximum allowable points will be calculated based on the difference between the lowest and highest rate.
- Rates between the highest and lowest hourly rates will be assigned Cost Factor points proportionally.

* Only hourly rates from Vendors who meet minimum requirements will be used in the cost calculations.

**Evaluation Process**

The candidates proposed by the Vendor, and the Vendor, will be evaluated based upon the following:

1. The proposal meets all the requirements of this RFP as described under Vendor Profile and Terms and Conditions.
2. The evaluation of proposed candidates’ qualifications based on the skillsets described in this RFP and an assessment of candidates’ applicable education and experience.

**Administrative Screening and Requirements**

Upon receipt of a Vendor’s proposal, SEARCH will review the proposal for compliance with all requirements of the RFP, including timely submission in the proper format. Any proposal not
complying with each and every requirement will be excluded from further consideration. Vendors are responsible for careful review of their proposals, prior to submission, to ensure that each mandatory requirement has been adequately addressed.

**Evaluation of Proposed Candidates**

A team of evaluators will be convened by SEARCH to review the proposals submitted against the scored requirements. SEARCH management will then make a final selection based upon the "best value" to SEARCH—the combination of qualifications and cost. SEARCH will consider the total scores within 2.5 points of the highest score to be equivalent.
